Memorandum from F. I. Clarke to the Director, dated 4/10/86
RE: APPROVAL OF "CHOLLA" UNDERCOVER OPERATION

"Cholla" is a new Group I UCO proposed by the Phoenix Division. The UCO is to be worked in conjunction with the case entitled, "Arizona Patriots, Domestic Security/Terrorism (DS/T) 00: Phoenix," a group which espouses a hatred of racial minorities, Jews, and United States Government. The Arizona Patriots has advocated the bombing of Internal Revenue Service (IRS) facilities, has stockpiled explosives and explosive devices, purchased illegal automatic weapons, and has discussed the armed robbery of armored trucks to help finance its cause.

The Arizona Patriots case has been opened and is being investigated pursuant to the AGG on the conduct of DS/T investigations which became effective in March, 1983. This investigation has produced information that links the Arizona Patriots with elements of the radical Sheriff's Posse Comitatus in Nebraska, which is also the subject of an approved DS/T investigation.

It is envisioned that the undercover Agent (UCA), with the assistance of a Phoenix source, [REDACTED]

The UCA will be periodically instructed to minimize any acquisition, retention and dissemination of information that does not relate to the matter under investigation or to any other authorized investigative activity.

You are requested to authorize the initiation of "Cholla" which was presented to the CUORC on 4/2/86 and was recommended for approval at that time.

A) SYNOPSIS:

"Cholla" is a new Group I UCO proposed by the Phoenix Division. The UCO is to be worked in conjunction with the case entitled, "Arizona Patriots, Domestic Security/Terrorism (DS/T) OO: Phoenix," a group which espouses a hatred of racial minorities, Jews, and United States Government. The Arizona Patriots (AP) has advocated the bombing of Internal Revenue Service (IRS) facilities, has stockpiled explosives and explosive devices, purchased illegal automatic weapons, and has discussed [REDACTED]

b7D

The AP case has been opened and is being investigated pursuant to the AGG on the conduct of DS/T investigations which became effective in March, 1983. This investigation has produced information that links the AP with elements of the radical Sheriff's Posse Comitatus (SPC) in Nebraska, which is also the subject of an approved DS/T investigation.

It is envisioned that the undercover Agent (UCA), with the assistance of a Phoenix source, [REDACTED]

b7E

[REDACTED]

Younger, more radical elements of the AP are openly advocating violent action against the system. It is imperative that these groups be identified so that criminal acts can be prevented and that those responsible for past acts can be prosecuted.

The AP interacts with elements of the SPC in Nebraska, and the Christian Patriots Defense League in Illinois, and Mississippi. [REDACTED]

b7D

[REDACTED]

[REDACTED] They have also identified the Hoover Building, FBIHQ, as a possible bombing target. AP members [REDACTED]

B) Issues Considered:

The Committee considered the anticipated benefits of "Cholla" in relation to the following issues: harm to reputation, civil liability, invasion of privacy, entrapment, predisposition, inducements and suitability of using the undercover technique. The Committee determined that the Phoenix Division had adequately addressed these issues.

The Committee considered the sensitive circumstances involved in infiltrating a group under investigation as part of a Domestic Security Investigation in conjunction with the following issues:

The Committee was concerned about the risk of harm the UCA would be subjected to if discovered by the subjects who have an avowed hatred of Government officials. The Committee was advised that while the safety of the UCA was the Phoenix Division's foremost concern in this UCO, informant coverage has been insufficient in providing the evidence necessary to secure prosecution of members of the AP. A UCA will provide the testimony needed to obtain convictions and will help eliminate the need for a trial in which the only Government witness is an informant.

b7D
b7E

[REDACTED]

The Committee was advised that the informant in the AP

[REDACTED]

allow him to obtain more than peripheral information. Thus, evidence obtained by him, like that of most informants in these types of organizations, is not sufficient for prosecution. Additionally, the informant in the AP case [REDACTED]

[REDACTED]

A UCA with the qualifications requested by Phoenix will be more attractive to the Phoenix AP members and [REDACTED]

b7D
b7E

[REDACTED]

will be small and the FBI will not be put in a position of [REDACTED] The present sources would be in no better position to obtain information [REDACTED]

cause. The undercover approach is not an attempt to circumvent informant coverage of the AP, but to obtain information the informants will never be able to obtain. The UCA [redacted] [redacted] should be able to obtain information previously unavailable.

b7E

An aural and electronic examination of specimen Q10 revealed that no meaningful improvement in voice intelligibility could be obtained through enhancement procedures, due to the very low level of the speech information.

An examination of specimen K2 revealed that both microphones are defective.

Specimens Q10 and K2, and two new replacement miniature microphones were forwarded to your office on May 14, 1986, via registered mail.

Investigation leading to captioned incident was predicated upon receipt of information identifying a 1979 Chevrolet Monte Carlo vehicle as being used by bank robbery subjects in the robbery of The Barnett Bank, 13593 So. Dixie Highway, Miami, Florida, on March 19, 1986. These subjects (identity unknown at the time) had stolen the 1979 Monte Carlo on March 12, 1986, at Miami, Florida. Investigation between March 19, 1986, and April 11, 1986, of previously unsolved bank robberies/armored car heists in the south Florida area determined that the individuals using this stolen automobile were directly responsible for two armored car robberies, two bank robberies, two attempted homicides and one apparent homicide (victim missing), as well as being suspect in other robbery.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

incidents having similar modus operandi and witness observations. A brief narrative of the robberies attributed to captioned subjects through investigation up to 4/11/86 is as follows:

1) On October 10, 1985, at 12:30 p.m., one assailant with one getaway car driver (possible third passenger in the car) approached a guard of the WELLS FARGO ARMORED CAR SERVICE, serving WINN DIXIE, INC., 7930 Southwest 104th St. Miami, Florida, ordering the guard to "freeze." Simultaneous with this command the assailant wounded the guard with a blast of 12 gauge 00 buckshot, while the subject(s) in the getaway vehicle fired handgun and shoulder weapons at the armored car couriers. Subjects made getaway without obtaining loot.

2) On November 8, 1985, at 12:Noon, two male subjects, wearing mask, entered the lobby of the PROFESSIONAL SAVINGS BANK, 13100 South Dixie Highway, Miami, Florida, brandished shoulder and handgun weapons, and demanded the surrender of WELLS FARGO bags. The subjects obtained a total of \$41,469 from three WELLS FARGO ARMORED CAR COMPANY money bags which had been routinely delivered (daily between 11:00a.m. and 11:30a.m.) that morning. The subjects made their getaway in a gold Chevrolet Monte Carlo automobile (see explanation of vehicle recovered in subsequent armored car robbery, January 10, 1986).

3) On January 10, 1986, at 10:30 a.m., two armed males attacked a BRINKS ARMORED CAR COMPANY courier as he opened the back door of his truck at BARNETT BANK, 13593 South Dixie Highway, Miami, Florida. The attack was initiated by one subject shooting the guard in the back with a large gauge shotgun (#7 shot load). Both subjects then approached the wounded guard, wherein the second subject shot him two additional times with a military type .223 caliber shoulder weapon (witness description suggest an AR-15, Mini 14 or M-16 rapid firing rifle). Subjects obtained \$54,000 loot and made their getaway in a 1977 gold colored Chevrolet Monte Carlo, Florida license tag [REDACTED] followed by an eye witness and later recovered by the Federal Bureau of Investigation (FBI). Subjects switched from getaway car to a white Ford pickup truck and witness surveillance was discontinued.

b6
b7C

The 1977 Monte Carlo getaway vehicle recovered in this incident had been reported as missing at Miami, Florida, since October 4, 1985, from EMILIO BRIEL, age 25, who mysteriously disappeared that day while target shooting at an abandoned rock pit in rural south Dade County (southwest Miami region). BRIEL's skeletal remains have been located subsequent to captioned incident, and forensic examination verifies investigator's presumption of homicide. It is also suspected that BRIEL's .22 caliber rifle, stolen with his automobile, is one of two untraceable firearms located at the residence of subject MICHAEL LEE PLATT. One .223 caliber bullet recovered from the above described BRINKS ARMORED CAR COMPANY robbery on January 10, 1986 has been matched to shells fired from a RUGER .223 cal. MINI- 14,

WILLIAM RUSSELL MATIX, ET AL

model 3000, used by subject MICHAEL LEE PLATT to fatally wound SA's JERRY DOVE and BENJAMIN GROGRAN during captioned incident.

4) On March 19, 1986, at 9:30 a.m., two male subjects carrying a short barrel pump shotgun and a military type shoulder weapon (possibly MINI-14) entered the BARNETT BANK, 13593 South Dixie Highway, Miami, Florida, obtaining \$8,338 in robbery loot. Subjects made their getaway in a 1982 Chevrolet Monte Carlo, black two door model, bearing Florida license NTJ-891.

Investigation determined that the 1982 Chevrolet Monte Carlo, (FL) [] was stolen from [] on March 12, 1986, while [] was target shooting at an abandoned rock pit in southwest Dade County (same locale as BRIEL homicide on October 4, 1986). While [] was target shooting, two white males arrived at the rock pit in a white Ford pickup truck with off-color striping, brandished a SMITH & WESSON Magnum revolver and a RUGER MINI-14 rifle, shot [] four times and then fled the scene taking [] Monte Carlo as well as his two weapons (.38 caliber SMITH & WESSON model 14 revolver and .22 caliber MARLIN rifle, Model 60). [] lived and furnished composite description of his assailants. [] revolver was recovered at the residence of MICHAEL LEE PLATT subsequent to captioned incident, and MATIX owned a white Ford pick-up truck.

b6
b7C

The four bank robberies briefly described above exhibited numerous similar or identical circumstances and characteristics to warrant a conclusion by investigating FBI SA's that these robberies, as well as the rock pit shooting incidents, were carried out by common subjects (exact number unknown). The frequency of the robberies, as well as the relatively confined area of the activity led to a hypothesis that these subjects would carry out similar style robberies in the near future and stage these heists in the same general area. Prior to April 11, 1986, the FBI increased liaison with armored couriers and area banking officers. Local police departments also increased patrol coverage of institutions in the south Miami area. The FBI conducted random surveillance of armored car routes and scheduled deliveries, and saturated the suspect area by quadrant assignment of personnel on dates considered probable robbery days. It was in the furtherance of this technique that SA's were assigned surveillance responsibilities in southwest Miami on April 11, 1986.

SYNOPSIS OF SHOOTING INCIDENT; APRIL 11, 1986

At approximately 8:45 a.m. fourteen SA's, operating out of eleven automobiles, initiated an area canvas/surveillance, loosely covering a target area along South Dixie Highway, (aka U.S. Highway 1) beginning at the north on 130th Street and terminating at the south on 183 Street. This fifty-three block long stretch is primarily a high density commercial zone incorporating five banks, with heavy pedestrian and vehicle traffic during commuting and working hours. After an initial

WILLIAM RUSSELL MATIX, ET AL

on-site assignment conference, SA's proceeded to their respective assignment locations and began routine canvassing of these areas, to include personal contact with bank personnel and local police patrol officers in the vicinity.

At 9:26 a.m. SA BENJAMIN GROGAN (accompanied in his vehicle by SA JERRY DOVE) addressed radio traffic to all assigned units that he was behind a black two-door Monte Carlo, Florida license [redacted] traveling north on South Dixie Highway. SA GROGAN continued to furnish description of the vehicle, its direction of travel and occupant information as well as instruct the FBI unit with local police radio equipment to request emergency back-up with marked patrol units.

b6
b7C

At approximately 9:30 a.m. SA GROGAN and DOVE had been joined in the close surveillance of the subjects vehicle by three additional FBI units, with a fourth unit closing to a distance of approximately three blocks. All units were now located in a residential neighborhood, several blocks removed from the congestion of South Dixie Highway. The subjects, becoming aware of the surveillance, began to drive in an erratic manner, apparently trying to set up a break-out situation facilitating their escape. SA GORDON MCNEILL, (Squad Supervisor) observed the subjects loading weapons and transmitted that information. At this point SA GROGAN (first vehicle behind subjects) ordered the stop/arrest, with SA's GROGAN and DOVE transmitting, "Felony car stop, take them, felony car stop, lets do it."

SA GROGAN engaged his emergency vehicle equipment (police lights and siren) and surveilling SA's therein attempted to contain and stop the subjects, while traveling south in the 122nd block of 82nd Avenue, Miami, Florida. As FBI vehicles attempted to pass the subjects, they swerved to the right, braked, and left the pavement. SA [redacted] observed the passenger subject preparing to fire on the overtaking vehicles and rammed the Monte Carlo in an effort to incapacitate the occupants. SA [redacted] swung his unit abreast of the subject automobile and rammed it in an effort to stop it. Subsequent repeated ramming/counter-ramming by these two vehicles resulted in the loss of control of the FBI vehicle, and its' ultimate collision with a retaining wall on the west side of 82nd Av. [See EXHIBIT A for final location of vehicles at time of shooting.] Subjects attempted to evade pursuing SA's by negotiating a high speed U-turn and proceeded back north on 82nd Avenue. SA [redacted] momentarily stopped from the impact of the previous ramming by his vehicle, observed the subject's vehicle returning in his direction and rammed their vehicle a second time, resulting in termination of the vehicle stop effort. [See EXHIBIT A.]

b6
b7C

Both of the subjects initiated firing from within their vehicle before SA's could completely exit their respective units. SA [redacted] was hit by two separate shotgun blasts as he exited

WILLIAM RUSSELL MATIX, ET AL

his automobile. SA MCNEILL cleared his vehicle, returned fire at the subjects automobile, and was wounded in the right hand/arm by rifle fire after discharging four rounds. SA MCNEILL discharged the remaining two rounds in his revolver and retreated around the back of his unit, taking cover to load at the passenger side rear panel area.

As the subjects initiated firing, SA's DOVE and GROGAN returned fire, using their vehicle as cover. SA [] cleared his vehicle and joined SA GROGAN at the rear of the GROGAN/DOVE unit. SA [] exited the [] unit and proceeded to a cover point at the rear of SA [] unit. SA [] was hit in the left forearm by a rifle round as he approached the rear of MCNEILL's vehicle, taking cover at the rear bumper area. SA's [] simultaneously arrived and staged their vehicle on the west side of 82nd Av. [see EXHIBIT A] SA [] exited his vehicle and assumed cover behind the passenger front fender, firing at the subjects from this vantage point. Subject(s) fired on the [] unit, and SA [] remained in the vehicle for cover, returning fire through the front driver window. It is from this position that SA [] was wounded by bullet shrapnel soon after arriving on the scene.

b6
b7C

After the initial exchange of fire resulting in the wounding of SA's [] and MCNEILL, both subjects exited the black Monte Carlo, and took positions of cover in the forward area of this vehicle and the adjoining FBI and civilian automobiles. From this new vantage point, subject MATIX and PLATT were able to fire on the agent's cover positions with minimal obstruction. The wounding of SA's [] occurred after the subjects exited the Monte Carlo.

As the exchange of gunfire continued, subject PLATT wounded SA MCNEILL with a round of rifle fire, striking MCNEILL in the shoulder/back. This wound, in conjunction with the previous wound to his hand/arm incapacitated SA MCNEILL for the remainder of the incident.

Apparently the next casualty to be borne by the SA's was the wounding of SA [] who was hit by rifle fire in his right hand/arm as he reloaded his handgun after firing at the subjects from his cover point at the rear of the GROGAN/DOVE vehicle. SA [] then observed subject PLATT, who had now charged the GROGAN/DOVE vehicle (passenger side), proceed around the trunk area, fire multiple rifle rounds and then enter the drivers' side of that unit. It was during this charge and firing by subject PLATT that SA GROGAN and DOVE were killed and SA [] suffered additional wounds in the groin and leg.

SA [] maintaining cover after being hit, observed subjects MATIX and PLATT inside the GROGAN/DOVE FBI unit, as well as Agents wounded/down adjacent and immediately behind the vehicle. SA [] therein began to direct one handed fire at the front driver/passenger compartment, firing four rounds of 00

b6
b7C

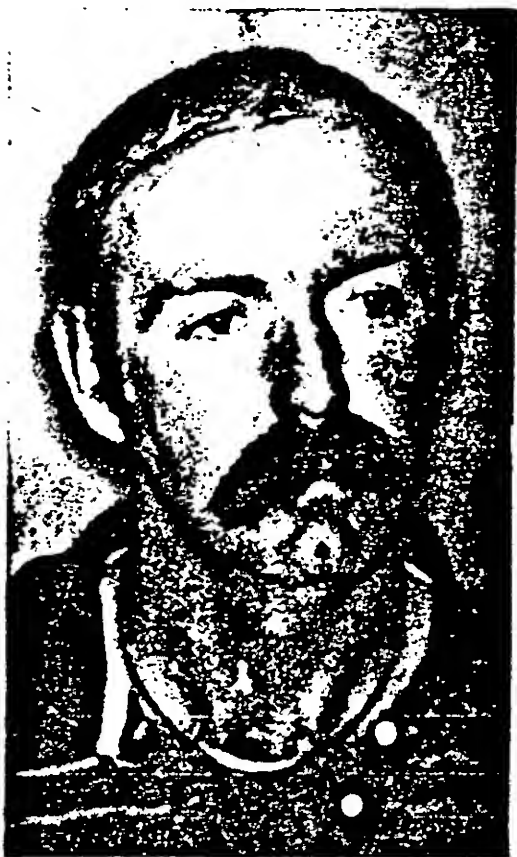

WILLIAM RUSSELL MATIX, ET AL

buckshot from a service issued REMINGTON, Model 870 pump shotgun. After firing the last shotgun round SA [] drew his service revolver, approached the subjects, firing six rounds through the automobile front driver window at subjects MATIX and PLATT.

b6
b7C

Examination of casualties at the scene by arriving medical personnel determined that SA's GROGAN and DOVE were deceased, subjects MATIX and PLATT were deceased and SA's MCNEILL, [] were critically wounded. SA's MCNEILL and [] were transported to a local hospital facility by MEDIVAC helicopter service. SA [] was transported to a medical facility by ambulance. SA's [] were transported via FBI vehicle, treated for multiple shotgun pellet and shrapnel penetration, and released the same day.

Post shooting investigation at the scene has determined that approximately 143 shots were fired in the exchange. Eyewitness statements suggest that several automobiles drove into, or through the shooting parameter during the incident, but it is not verified from which direction they came or what route was taken in exit. Best estimates derived from review of recorded radio transmission, civilian calls to the 911 emergency reporting county switchboard, and witness recollection support the conclusion that the gun battle lasted for a period of four to five minutes. Autopsy examination of the subjects determined that MATIX had been hit six times and PLATT had been hit twelve times. Evidence indicates that the subjects were wounded while in the Monte Carlo (at the onset of the gun fire exchange), while firing at SA's from the vantage point in the front area of their Monte Carlo, while entering the FBI GROGAN/DOVE unit and while in the FBI vehicle during their attempted flight from the scene. During the shooting incident the subjects fired one 12 ga. shotgun, two .357 Cal. revolvers and one .223 Cal. semi-automatic rifle.

SYNOPSIS OF BACKGROUND:

MATIX experienced a normal childhood, with the exception of laboring with a stuttering impediment. This ultimately required professional help to terminate. This treatment was acquired at the Walter Reed Army Hospital during his adult years while serving a second tour of enlistment. MATIX was an average high school student who did not participate in athletic events but did take an active role in The Future Farmers of America (FFA) program. He spent a great deal of time on the rural property of relatives and presented himself as a kind, quiet and considerate young man. He enlisted in the United States Marine Corps (USMC) on graduation and served an unblemished three years, attaining the position of Sergeant (E-5), and carrying out the duties of Bakery Foreman (MOS 3371 - Cook).

Thirteen months after discharge from the USMC, MATIX enlisted in the United States Army, having spent this short interim period living with his parents in New Madison, Ohio, and working as a laborer for the Hobart Manufacturing Company of Troy, Ohio. After basic Airborne training, MATIX optioned for Military Police duty assignment, and served until his discharge as a platoon leader and patrol supervisor. He was discharged with a record of citations to include Good Conduct, the Parachutist Badge and the National Defense Service Medal. It was while serving at Fort Campbell, Kentucky, that MATIX met, and served in the Military Police Unit with MICHAEL LEE PLATT.

MATIX met his first wife, PATRICIA BUCKANICH while undergoing stuttering therapy at Walter Reed Army Hospital in 1975. They were married after his Army discharge in 1976, and began a series of moves to include Takoma Park, Md., Poughkeepsie, N.Y., Hyde Park, N.Y., Toledo, Oh., Columbus, Oh., and Delaware, Oh. From Delaware, Oh., they returned to Columbus, Oh., where they lived until his wife, "PATTY" was murdered on December 30, 1983. In the 3½ years of marriage, MATIX attended Culinary School, Meat Cutting School and Aviation Mechanics Training. He also continued his association with the military structure by serving from November, 1981, to April, 1984, as Senior Assistant Investigator and Utility Helicopter Repairman in the Ohio National Guard. MATIX did not stay with one employer

WILLIAM RUSSELL MATIX, ET AL

for any sustained period of time, expressing to relatives and friends a longing for the regimentation and romance of military service. PATRICIA MATIX confided in a friend that she (PATRICIA) was trying to arrange psychiatric counseling for her husband due to his inability to hold a job for any appreciable time.

On December 30, 1983, PATRICIA MATIX and a companion female co-worker were murdered (stabbed) at their place of employment, The Riverside Methodist Hospital Research Foundation, Columbus, Ohio. Columbus, Ohio, Police Department investigation resulted in the conclusion that the victim PATRICIA MATIX probably knew the assailant in that she was apparently killed first, and there was no evidence at the scene that she was in fear of her life or struggled in any way prior to the assault. Evidence also suggest that the second victim appeared in an adjacent work space and was subsequently killed as the assailant left the facility. Both victims were bound prior to their being stabbed and only the second exhibited evidence (one small defensive wound) of any resistance. Crime scene examination disclosed that the assailant wore construction boots, used a wide bladed knife and did not take anything of value.

MATIX's father, RUSSELL MATIX, suffered a stroke on the day that PATRICIA MATIX was murdered, and his health deteriorated until his death from terminal cancer in April, 1984. During this four month period, WILLIAM MATIX traveled back and forth from Columbus/Delaware Ohio, to Cincinnati, Ohio (RUSSELL MATIX's home). He became increasingly active in his local church, professing to be a "Born Again" Christian, and giving public testimony of his religious convictions and his ability to overcome the stigma of PATTY's Murder. MATIX received a sizable insurance claim payoff (exact amount unknown but believed to be in the \$180,000 range) from an existing life insurance policy on his wife, Social Security benefits resulting from her death, and also received monthly employees compensation payments as a surviving unemployed spouse. The insurance settlement was far less than he had anticipated and he was bitter, blaming the lack of double indemnity award on the poor investigation conducted by the Columbus, Ohio Police Department. MATIX related to many of his friends that the police were harassing him as he was their prime suspect in his wife's murder. He invested the major portion of the insurance award in a trust fund [REDACTED]

MATIX dated a number of women after PATTY's death, some of them being her close friends before the homicide. MATIX would solicit their sympathy by invariably bringing up the topic of her murder, the trials and pain it had put him through and then, at the opportunity and without warning, present himself nude in their immediate presence, (bedroom, shower stall, etc.).

MATIX moved to Miami, Florida, in mid summer 1984, buying a one-fourth interest in Blade Cutters, a lawn trimming service owned by MICHAEL LEE PLATT, brother TIMOTHY LEE PLATT and

WILLIAM RUSSELL MATIX, ET AL

[redacted] He worked at this venture until May 17, 1985, when his partnership status was terminated due to personality differences with partner TIMOTHY PLATT. For a period of several months MATIX made wooden toys in the Blade Cutter warehouse until the secretary objected to being alone with him at that facility.

MATIX rented automobiles on occasions, explaining that the leased vehicles were used in his "missions". He disclosed that he was able to earn \$30,000 to \$40,000 per mission if he was successful.

Between summer, 1985, and the time of his death, those close to MATIX noticed a definite change in his personality. He became listless, vague as to his work record, irritable and quick to loose his temper. His moods were unpredictable and he seemed incoherent at times, bringing up subjects of conversation dealing with the disposition of his property [redacted] if and when anything should cost him his life. A C.I.A. medallion/logo was found in MATIX's personal belongings at the time of his death.

SYNOPSIS OF BACKGROUND:

MICHAEL LEE PLATT led an uneventful childhood, being
the son of career military U.S. Navy Petty Officer (Corpsman),
MARION LEE PLATT. MICHAEL PLATT lived in the city of his birth,
San Diego, California, until approximately 1965, at which time
his father was transferred to Pearl Harbor, Hawaii, and assigned
duty on a hospital ship. In 1966, MARION PLATT was reassigned to
the Naval Air Station, Alameda, California, and the family lived
there for approximately thirteen months. In 1977 the family
moved to Yuma, Arizona, where MARION PLATT was stationed until
his retirement from the U.S. Navy. MICHAEL PLATT graduated from
KOFA

WILLIAM RUSSELL MATIX, ET AL

High School at Yuma, Arizona, in 1972. He was an accomplished athlete in the games of football, basketball and baseball. Immediately after graduation PLATT joined the United States Army, taking his basic training at Fort Ord, California.

While in Army basic training, PLATT applied for U.S. Army Airborne Ranger Training, and subsequently entered Paratrooper Air Assault School at Fort Campbell, Kentucky. (His family was shocked at his request for paratrooper jump training in that he was deathly afraid of heights when he was a child, and would not climb a ladder or even consider getting on the roof of a house.) On completion of jump school, PLATT was assigned to the Military Police Unit at that facility, and it was in this duty assignment that he met, and served in the same unit with WILLIAM RUSSELL MATIX. PLATT also met his first wife, REGINA LYLEN while stationed at Fort Campbell, Kentucky, and they were married on October 31, 1975.

When PLATT went to Korea in 1977, his wife REGINA remained stateside while he served approximately one year at Camp Kittyhawk, three miles south of the 38th parallel. On his return to duty at Fort Ord, California, he related to [redacted] that he and WILLIAM RUSSELL MATIX set up, and robbed fast food restaurants and small businesses when they were stationed together at Fort Campbell, Kentucky. MICHAEL confided that MATIX set up a drug dealer on one occasion wherein the dealer was robbed and MICHAEL shot, but did not kill him.

b6
b7C

When MICHAEL PLATT returned from assignment in Korea, he lived with his wife REGINA, occupying a two bedroom house in Monterey, California. [redacted] during this time. In approximately 1979, PLATT moved his family to Miami, Florida, the home of his wife REGINA. He acquired employment with [redacted]

[redacted] MATIX worked for [redacted] for approximately three years, and [redacted] reportedly belittled him by furnishing gifts and financial assistance to REGINA which he himself could not afford to give. Platt unexpectedly quit working [redacted] in 1982, forming the business Blade Cutters with his brother TIMOTHY PLATT. When WILLIAM RUSSELL MATIX moved to Miami, Florida, in the summer of 1984, he bought into this lawn maintenance venture with TIMOTHY and MICHAEL, and worked directly with MICHAEL until he (MATIX) quit in May, 1985. MICHAEL PLATT's wife REGINA also worked at Blade Cutters as a bookkeeper.

b6
b7C

REGINA PLATT committed suicide on December 21, 1984. Investigators were told by MICHAEL PLATT that REGINA was having an affair with his friend WILLIAM MATIX. REGINA had also disclosed this to her friends prior to her death, telling them that MICHAEL promoted and condoned the affair as being healthy for their then troubled marriage. MICHAEL had been romantically involved with [redacted] from December, 1983, through October, 1984, and would go to her residence at

b6

WILLIAM RUSSELL MATIX, ET AL

4:30 a.m. as many as five times a week during their relationship.

[redacted] disclosed that MICHAEL PLATT was attracted to CLINT EASTWOOD and RAMBO type movies, talked at length about his army experiences and related how his army buddy WILLIAM MATIX had saved his life while they were in the service together. [redacted] related that PLATT's personality began to change after the arrival of MATIX in Miami, Florida, with PLATT spending less and less time with her and more time with MATIX.

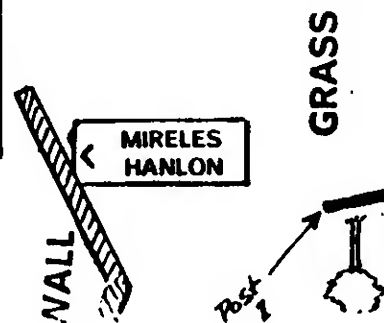

b6
b7C

PLATT met [redacted] at Miami, Florida, where he was attending a convention given by Universal Beauty Supply. PLATT told [redacted] that he was working part time for the beauty supply company [redacted]. PLATT initially told [redacted] that he was divorced from his wife, and it was later she found out that REGINA PLATT had been alive and committed suicide in December, 1984. [redacted] MICHAEL [redacted]

[redacted] MICHAEL as a loving, caring father, and a considerate spouse. She knew him to be a hard working disciplinarian. He was concerned about the use of drugs in society, often lecturing [redacted] on the ills of narcotics and alcohol. MICHAEL PLATT often told his children stories of his adventures in the military, referring to a scrapbook he maintained. He only kept one or two pistols in their home and never mentioned his involvement with friends in the robbery of banks. [redacted] concluded that there was no possibility that MICHAEL would have participated in robberies and therein he must have been set up by someone.

ACCOUNTING MATTERS

You should carefully review the guidelines and requirements as set forth in the "Funding Guide for Undercover Operations", 6/1/84. Your UCO must utilize a formal and complete set of books including a general ledger, cash receipts journal, cash disbursements journal, general journal, inventoriable property subsidiary ledger page, security deposit ledger page, voucher subfile, and internal audit subfile maintained on a current basis. A Special Agent/Accountant is to be assigned to set up and maintain the books and records of your UCO. Required also are quarterly budget performance reports, trial balances, and voucher reconciliation forms. The books are to be audited, on a quarterly basis, by a Special Agent/Accountant who is independent of the operation, documented by a written report to a financial subfile.

Monthly vouchers should be submitted to FBIHQ no later than the tenth of the month following the month in which the expenditures were made. Monthly vouchers must be submitted when a balance is outstanding, even if no expenses were incurred.

As a Group I UCO, your operation will be audited by the Audit Unit, Inspection Division, FBIHQ, during their periodic visits to your office. Should your UCO generate over [redacted] in interest or income, expend appropriated funds in excess of [redacted] utilize exemptions to offset income, incorporate a UCO business, or place appropriated funds in a bank account it may subject the UCO to Department of Justice (DOJ) and Congressional reporting requirements and a subsequent audit by the Inspection Division.

b7E

You must ensure that all appropriated funds, show monies and income/proceeds, are accounted for and entered on the books. Expenditures must be necessary, justified, and also entered on the books. Discrepancies found during an audit are to be brought to the attention of the SAC and, if not resolved, reported to FBIHQ.

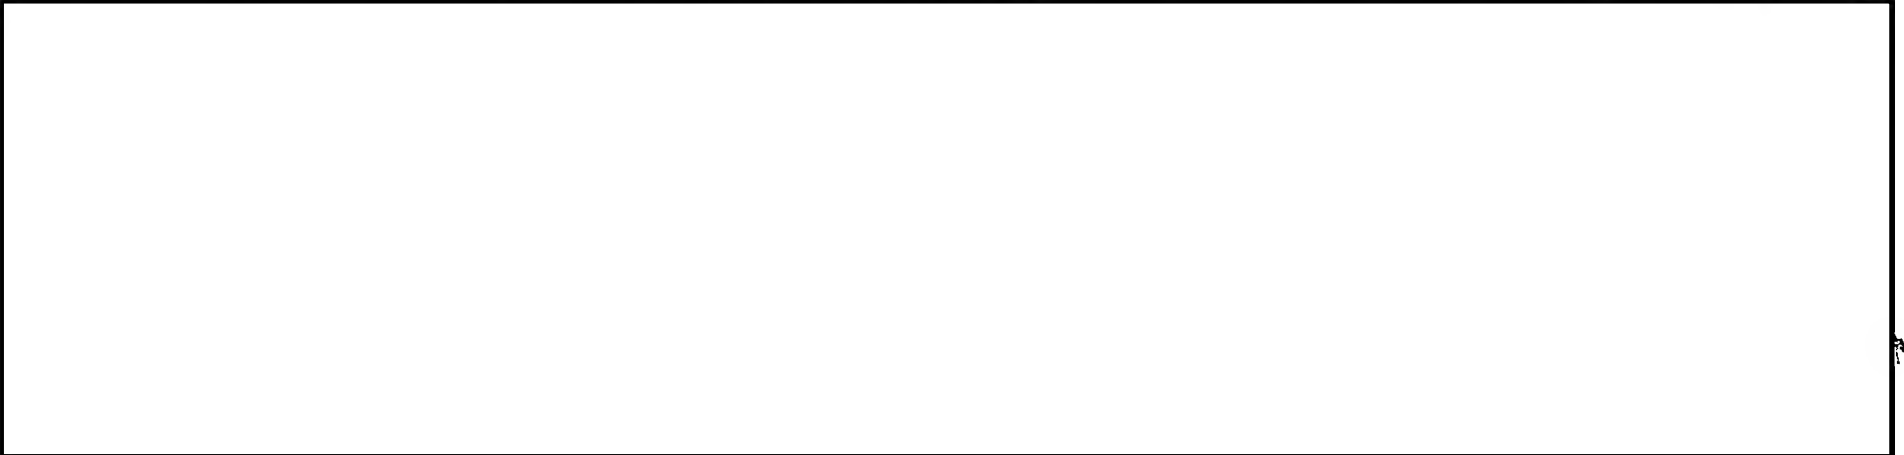

Funding data, expenditures, receipts, checkbooks, bank statements, and other financial data must be available on a timely basis to individuals doing the bookkeeping. Similarly, books and records must be promptly made available to the quarterly auditor.

Set appropriate administrative ticklers to ensure audits, vouchers, and monthly reports are properly handled. Any questions regarding the adequacy or extent of the accounting records to be maintained for the UCO may be directed to the Audit Unit, FBIHQ.

ENCLOSURE

ALIAS/FALSE IDENTIFICATION

You should give careful consideration to the "cover" used in this operation in order to ensure the personal security of the UCAs, their covert identity, and the covert nature of the cover company. If deemed necessary, you should request FBIHQ,

b7E

ATTORNEY GENERAL'S GUIDELINES

You should carefully review the Attorney General's Guidelines (AGG) on FBI UCOs in connection with this UCO. The Principal Legal Advisor (PLA) should be available for consultation on guidelines or legal questions during the operation.

Your attention is directed to Section I of these guidelines and in particular to paragraphs (3), (6), (8), and (9) which refer to written SAC approvals, reports to the SAC, and SAC reports to FBIHQ in connection with participation in "otherwise illegal" activity. Section L requires periodic contact by the SAC with the U. S. Attorney or Strike Force Chief. Such contacts should be documented in the case file. Sections M and N concern actions required of the SAC in connection with previously unforeseen sensitive circumstances and emergency authorizations with required notifications. A significant change in focus of this UCO or unforeseen sensitive circumstances must be brought to the attention of FBIHQ for presentation to the CUORC. Ensure undercover personnel, including those from other agencies, are thoroughly briefed on entrapment by the PLA and the U. S. Attorney's Office. (See AGG, Section J.)

You are cautioned that the guidelines require certain specific actions by the SAC in connection with preparation of and conduct of the undercover employee and cooperating private individuals. Section P mandates a review and discussion with undercover personnel and instructions to such personnel in preparation for the UCO. Section Q requires a periodic review of the conduct of undercover personnel during the course of the investigation. Such discussions, instructions, and/or reviews are to be documented in writing.

Section Q(2) requires a written report at the conclusion of the UCO on the use of false representations to third parties. A written report by the undercover employee on participation in any other activity proscribed by Federal, state, or local law is required every 60 days and at the conclusion of the participation in the illegal activity. Ensure appropriate administrative ticklers are set for the required reports.

COMMUNICATIONS/INDEXING/TITLES

You must ensure that subjects not previously identified in the title via communication to FBIHQ or subjects added to this UCO are identified as "Changed Title" information in subsequent communications to FBIHQ. Retrievability of names through indices searches is dependent on this information. In view of the high visibility of successful UCOs, legislative/executive oversight, and potential appeals, it is imperative that subjects/suspects are properly identified to FBIHQ for indexing and not overlooked in the body of your communication or in your file.

Spin-off cases must be identified as such on all communications to FBIHQ. Indicate "Spin-off" and UCO code name in the first paragraph of the details of each communication to FBIHQ.

CONTACT AGENT(S)

The need for frequent supportive contact with the UCA is essential, particularly in long-term, deep cover situations. Therefore, the SAC will ensure that a contact Agent is selected and assigned in each Group I UCO. This Agent should be involved in and knowledgeable of the UCO, compatible with the UCA, and completely available in order to offer administrative and emotional support. It is important that there are frequent, even daily, meetings between the contact Agent and the UCA.

CONSENSUAL MONITORING

Consensual monitoring of private conversations should be handled in accordance with the Director's airtel to SAC, Albany, "Consensual Monitoring of Private Conversations and Body Recorders," 2/4/77, and All SAC airtel, "Recording and Memorializing Conversations with Subjects," 4/30/84. Monitoring authority is to be requested from the substantive section, FBIHQ. (Consult MIOG, Part II, pages 1053-1064, for regulations concerning electronic surveillance procedures and consensual monitoring policies.)

Where possible, and safety/security considerations are satisfied, it is preferable to record meetings and conversations with suspects, subjects, and/or middlemen. In those instances

where such conversations cannot be recorded, the information must be reduced to writing in a FD-302. The file should reflect reasons why no consensual monitoring was conducted (i.e., safety, security, malfunction or unavailability of equipment).

EVIDENCE

Rules and regulations applicable to the securing, contemporaneous logging, marking, and storage of evidence and tapes in investigative matters are applicable to this UCO. Rules and regulations concerning the preparation of FD-302's are also applicable to the UCO.

EXEMPTIONS

Specific exemptions must be obtained from the Director and the Attorney General prior to: (1) using appropriated funds to purchase property, buildings, and other facilities, and for leasing space within the United States, the District of Columbia, and the territories and possessions of the United States; (2) using appropriated funds to establish or to acquire proprietary corporations or business entities as part of a UCO and to operate such a corporation or business entity on a commercial basis; (3) depositing appropriated funds and/or proceeds of a UCO in banks or other financial institutions; and (4) using proceeds from a UCO to offset necessary and reasonable expenses incurred in that operation.

These exemptions must be granted before undertaking these actions including opening any bank account. All leases and/or contracts for real or personal property and those requiring pre-payment of more than one month's rent will require approval by an FBIHQ contracting officer. Exemptions, if not already obtained, may be requested from USOU, CID, with appropriate justification. (See also MAOP Section 6-10(5).

You are reminded that Field Support Account funds may never be placed in a separate bank account as there are no exemptions which cover this action. Interest income may never be used, with or without exemptions, to offset expenses, but must eventually be remitted to the U. S. Treasury. (See "Funding Guide for Undercover Operations", 6/1/84.)

EXPENDITURES

Although it is not possible to set forth each particular type of undercover expenditure which may be made, it must be clearly understood that all expenditures, regardless of type, must be justified and necessary. Your initial approved budget submission should be a guideline as to the type of expenditures necessary. Expenditures must meet the following general criteria:

(1) Each expenditure must be directly related to the FBI's mission and be directly related to the operation or activity requiring confidentiality.

(2) Each expenditure must be necessary in the circumstances apparent at the time of the expenditure.

(3) Each expenditure must be reasonable as to type and amount based on value received and overall circumstances present at the time of expenditure.

The SAC and delegated supervisory personnel are responsible for the approval and propriety of expenditures in this case. Any expense category which will exceed the approved budgeted category amount by [redacted] whichever is less, requires UACB notification to the substantive case supervisor at FBIHQ before any funds may be reprogrammed from another expense area. Local purchase of non-expendable property using confidential funds requires prior, confirmed, approval from FBIHQ. Non-expendable property is defined as any property, regardless of cost, which has an estimated useful life of one year or more. Requests for authority to purchase non-expendable property should be submitted to USOU, CID. The acquisition of personal items necessary for the security and cover of the UCA, such as apparel unique to the undercover role, must be fully justified and documented. Significant, substantial, or unusual purchases of this nature should be brought to the attention of USOU, CID, with justification set forth. You may not exceed your overall UCO budget, and requests for additional funding will be presented to the CUORC. b7E

EXTENSION/RENEWAL

Since Group I UCOs are approved and funded for a period of one to six months, you should set an appropriate administrative tickler to ensure that a timely request is made for extension of this UCO. Such requests must be presented to the CUORC and should describe the results obtained or provide reasonable explanation for a lack of significant results. The current UCO proposal format is utilized for extensions. A written statement from the United States Attorney or Strike Force Chief indicating that they have read the UCO proposal and are in favor of its extension or renewal is to be submitted with the proposal.

INDEMNIFICATION AGREEMENTS

An indemnity agreement is a contract between two parties whereby one party agrees to secure the other party against any loss or damage arising from some contemplated act on the part of the idemnitor, or from some responsibility assumed by the indemnitee. Initially, it should be recognized that such agreements constitute contracts, and as such may only be executed

by certain FBIHQ officials who possess contracting authority. The Contract Review Unit, Administrative Services Division (ASD), FBIHQ, is responsible for the preparation and execution of these agreements. In emergency situations where an agreement is required within a short time period, it is possible for FBIHQ to authorize the SAC of the field office to sign the agreement. The agreement will then be adopted by a contracting officer when it arrives at FBIHQ. This is the only instance in which field office officials are permitted to execute indemnity agreements. Appropriate personnel at FBIHQ must be fully apprised of the circumstances involved in the case before such authorization will be given.

INFORMANT PAYMENTS

Informants utilized in support of the UCO [redacted]

[redacted] The case accountant is to ensure that the division to which the source is assigned is advised by appropriate communication of the nature, date, and amount of source payments.

Informant payments require the same documentation and supervisory approval as when utilizing sources in traditional investigations. All payments to informants must be posted to the appropriate field informant ledger page and a memorandum prepared for the field informant file setting forth these payments and the justification for same. When vouchering these payments, ensure they are identified as such by symbol number. (See also Funding Guide for UCOs, 6/1/84, and MIOG, pages 619-638.19.)

MONTHLY REPORTS TO FBIHQ

In order to keep FBIHQ up-to-date on the operational and financial aspects of the UCO, you must report on a monthly basis, in letterhead memorandum form, expenditures incurred in support of the operation, accomplishments obtained, and activities and developments occurring in this operation. The format for this monthly report is set forth in FBIHQ airtel to All SACs, "Undercover Activities; Criminal Matters," 11/2/81. This report is to be submitted monthly whether or not there are expenditures/accomplishments until prosecution is completed and is due on or before the tenth workday of the month. A delinquency in submitting monthly vouchers or a delay in submission of the monthly report must be brought to the attention of USOU, CID, via airtel with pertinent reasons/explanations.

PROPERTY

You should ensure that detailed, current records are maintained for all non-expendable property acquired in support of this operation. Immediately upon acquisition of any non-expendable property, the item should be entered as confidential property on your office inventory and FBIHQ notified as required by current property accounting procedures. The purchase and disposal of all non-expendable property for this UCO must be coordinated with USOU to ensure procurement regulations are followed through proper FBIHQ divisions. (See "Funding Guide for Undercover Operations", 6/1/84, pages 29-31.)

You are reminded that all property acquired for the UCO belongs to the Government. Proper supervisory controls must be set up to ensure the propriety of all acquisitions and expenditures.

PSYCHOLOGICAL GUIDELINES

You should be constantly alert to psychological and stress factors as they effect undercover personnel (Agent or support) assigned to this UCO. [redacted] M.D., has been retained by the FBI to provide psychological services which may include evaluation, consultation, referral, and treatment on both a routine and emergency basis. [redacted] is thoroughly familiar with problems in UCOs, and is available on a self-referred basis. Assisting him in these services is [redacted]

[redacted]

b6
b7C
b7E

In addition, the Psychological Guidelines for UCOs must be provided to all undercover personnel (Agent and support, including individuals from other agencies). The provision is to be documented in the Administrative Subfile of the UCO. (Refer to All SACs airtel, "Undercover Activities - Criminal Matters, Safeguarding the Psychological Health of Undercover Agents, " 10/13/83, and the "Special Agent in Undercover Operations, A Research Study," 4/80, available from USOU or the Institutional Research and Development Unit, FBI Academy).

There should be frequent contacts between the case supervisor and the UCA(s). The SAC/ASAC should periodically meet with the UCA(s) assigned to this project. These contacts should be extended to the UCA's family in deep cover or extremely lengthy operations where the UCA is undercover for long periods of time. These face-to-face contacts between UCA(s) and their supervisors, at mutually agreeable and secure locations, are

important in resolving project difficulties, in addressing UCA problems or stressors, and in evaluating whether or not a UCA should continue in the role based on their psychological/emotional health.

TECHNICAL EQUIPMENT

Technical equipment to be utilized in support of your UCO, if not currently available from your field office, should be requested by your Technical Coordinator from the Technical Services Division (TSD), FBIHQ.

VEHICLES

Authority to rent/lease a vehicle in support of your UCO must be coordinated with the Automotive Management Unit (AMU), ASD, FBIHQ. Should you receive authority to lease/rent a vehicle, you are reminded that such vehicles are for use in this UCO only. Seized/excess vehicles made available for a UCO must be relinquished when no longer required for the covert phase of the operation. Advise AMU, ASD FBIHQ, when such vehicles are no longer required. Seized/excess vehicles may only be used for such covert operations since these are not part of our normal authorized fleet.

Leases for vehicles must be approved by a contracting officer, FBIHQ, prior to execution, and in most cases require an exemption (See Exemptions, supra.).

In the event a renewal of the authority is deemed warranted, submit your request with full justification at least seven days prior to the expiration of the existing authority, in compliance with MIOG, Part II, Section 10-10.3(9).

ACTION MEMORANDUM

Enclosed is a copy of a communication in which authorization is requested for the continued use of electronic devices (both audio and video (CCTV)) to monitor and record private non-telephonic conversations, with the consent of a party, in captioned investigation. Also enclosed are copies of communications in which authorization was initially requested, granted, and extended.

Pursuant to the Attorney General's Memorandum of November 7, 1983, captioned "Procedures for Lawful, Warrantless Interceptions of Verbal Communications," and/or Attorney General Order 985-82, dated August 6, 1982, captioned "Delegation of Authority to Authorize Television Surveillance," the authority of your office is required for the use of these electronic devices.

The use of CCTV will not involve any trespass, and it will be utilized only when a consenting party is present.

Use of these electronic devices in this case is recommended as being in the best interest of effective law enforcement in that they are expected to provide corroborative evidence and/or to protect the individual(s) utilizing the equipment.

It is requested, therefore, that your office approve the use of this equipment for a period of 60 days beginning the date on which you grant approval.

ACTION MEMORANDUM

Enclosed is a copy of a communication which furnishes information concerning a current investigation.

This is to notify your office that pursuant to Part II (D) of the Attorney General's Memorandum of November 7, 1983, captioned "Procedures for Lawful, Warrantless Interceptions of Verbal Communication," and/or Attorney General Order Number 985-82, dated August 6, 1982, captioned "Delegation of Authority to Authorize Television Surveillance," emergency authorization to utilize electronic devices (both audio and video CCTV) to monitor and record private non-telephonic conversations with the consent of a party was granted by an appropriate FBI Headquarters Official on July 29, 1986. Exigent circumstances precluded a request for authorization in advance.

The use of CCTV will not involve any trespass and will be utilized only when a consenting party is present.

Use of these electronic devices in this case is recommended as being in the best interest of effective law enforcement in that they are expected to provide corroborative evidence and/or to protect the individual(s) utilizing the equipment.

As further use of these electronic devices is expected in this matter, it is requested that your office approve the use of this equipment for a period of 60 days beginning on the above mentioned date.

ACTION MEMORANDUM

APR 29 2 59 PM '86
OFFICE OF
ENFORCEMENT
OPERATIONS

Enclosed is a copy of a communication in which authorization is requested for the continued use of electronic devices (both audio and video (CCTV)) to monitor and record private non-telephonic conversations, with the consent of a party, in captioned investigation. Also enclosed is a copy of the communication in which authorization was initially requested and granted.

Pursuant to the Attorney General's Memorandum of November 7, 1983, captioned "Procedures for Lawful, Warrantless Interceptions of Verbal Communications," and/or Attorney General Order 985-82, dated August 6, 1982, captioned "Delegation of Authority to Authorize Television Surveillance," the authority of your office is required for the use of these electronic devices.

The use of CCTV will not involve any trespass, and it will be utilized only when a consenting party is present.

Use of these electronic devices in this case is recommended as being in the best interest of effective law enforcement in that they are expected to provide corroborative evidence and/or to protect the individual(s) utilizing the equipment.

It is requested, therefore, that your office approve the use of this equipment for a period of 60 days beginning the date on which you grant approval.

ACTION MEMORANDUM

100-487422

Enclosed is a copy of a communication in which authorization is requested for the continued use of electronic devices (both audio and video (CCTV)) to monitor and record private non-telephonic conversations, with the consent of a party, in captioned investigation. Also enclosed is a copy of the communication in which authorization was initially requested and granted.

Pursuant to the Attorney General's Memorandum of November 7, 1983, captioned "Procedures for Lawful, Warrantless Interceptions of Verbal Communications," and/or Attorney General Order 985-82, dated August 6, 1982, captioned "Delegation of Authority to Authorize Television Surveillance," the authority of your office is required for the use of these electronic devices.

The use of CCTV will not involve any trespass, and it will be utilized only when a consenting party is present.

Use of these electronic devices in this case is recommended as being in the best interest of effective law enforcement in that they are expected to provide corroborative evidence and/or to protect the individual(s) utilizing the equipment.

It is requested, therefore, that your office approve the use of this equipment for a period of 60 days beginning the date on which you grant approval.
